BIOGRAPHY

Official DJ — 2026 ATX Open WTA Tour

DJ · Music Programmer · Producer ·
Austin, TX | Open Format

DmoCobb is a Texas-based DJ and producer known for delivering high-energy, crowd-driven performances that connect in real time. His sets are built on timing, precision and an instinctive ability to read the room.

Raised in Houston and now based in Austin, he developed his musical foundation early, teaching himself piano, guitar and bass before stepping into DJing in 2011. He sharpened his craft as an on-air DJ at KTSW 89.9 FM, building the versatility and control that now define his performances across nightlife, corporate events and large-scale activations.

His production credits include releases on Darklight Recordings and Wile Out Records, earning international support from Anna Lunoe on Apple Music 1 and reaching listeners in more than 100 countries. On stage, he has performed alongside Walshy Fire of Major Lazer, Habstrakt and Kill The Noise, and has appeared at SXSW, Circuit of the Americas and the ATX Open WTA Tour, where he served as the official DJ for the 2026 Players' Party at The Driskill.

Whether performing for a packed venue or curating the atmosphere for a brand experience, DmoCobb's approach remains the same: control the energy, elevate the moment and leave a lasting impression.
